**MATHEWSON OUT OF GAME
FOR FEW WEEKS AT LEAST**

Many Believe Him Victim of Disorder
That Retired Big Ed Walsh.

[By Associated Press.]

Chicago, June 9.—Christy Mathewson will be out of baseball for several weeks, it was learned Tuesday, after the pitching star of the New York Nationals had undergone an examination by a nerve specialist.

Suffering acutely from a nervous disorder of the left shoulder, Mathewson has been unable to take his regular turn in pitching for some time, and when the club reached Chicago he was obliged to place himself under the care of a specialist. He had been unable to sleep more than three hours a night, he said, because of the pain. The disorder extended to the right shoulder yesterday.

Veteran baseball men who have discussed the case with Mathewson think he is suffering from the same nerve affliction that robbed "Big Ed" Walsh of the Chicago Americans of his pitching ability two years ago. Any violent exercise causes sharp pains to shoot through Mathewson's shoulders and neck. The veteran pitcher will be obliged to rest and undergo treatment for several weeks, it was said.

MEXICANS DO NOT LOOK FOR CHANGE

Representatives of Different Factions
Expect No Change of Policy
Over Bryan's Retirement.

[By Associated Press.]

New York, June 9.—Mexicans here generally believe Bryan's retirement will not affect the United States policy sending for the relief of Mexico's toward Mexico. Huerta said: "That's something I should not discuss, as I am a Mexican. It's none of my business, but it is interesting news." Francisco Urquidí, Carranza representative, said: "Wilson made the Mexican policy, not Bryan." Roberto Pesqueira, Villa representative, said: "I do not believe there will be intervention. Pres. Wilson will continue to show the same fairness toward Mexico."

NEW SECRETARY WILL SIGN NOTE

Note Will be Sent Today, but Not Published Here Until Received at Berlin.

[By Associated Press.]

Washington, June 9.—After a conference with Pres. Wilson, Counselor Lansing, who, with Bryan's retirement to private life today, becomes acting secretary of state, announced the note to Germany would be forwarded to Berlin this afternoon and be given out for publication when Berlin received it before giving it out here.

The note was cabled this afternoon. It is composed of about fifteen hundred words. Counselor Lansing today received appointment as acting secretary of state. Mr. Bryan issued a statement outlining his position. He contends the situation between the United States and Germany should be submitted to an investigating commission, and pending its deliberations, Americans should refrain from taking passage on ships carrying contraband or going through the war zone. President Wilson, it is said, opposed this, believing it to be practically yielding the United States' rights and also there was no guarantee that lawful American commerce would be free from danger during the discussion.

It is believed now in some quarters that Bryan's resignation will have an important moral effect on Germany. Mr. Bryan plans to remain here awhile. He will support Wilson politically, and believes he can advance the cause of peace as a private citizen. He told his friends today of his affection for Pres. Wilson and about noon visited Pres. Wilson at the White House. The two men dispassionately discussed the situation which caused Mr. Bryan to resign. "God bless you," each said, shaking hands in good-bye.

Reports were circulated that Secretary of the Navy Daniels would resign, because of his friendship for Bryan, but this is not believed. Daniels differed with Bryan on the note.

ASKS NO CLEMENCY FOR LEO M. FRANK

Georgia Prison Commission, After Thorough Hearing, Reached This Decision.

[By Associated Press.]

Atlanta, Ga., June 9.—The Georgia Prison Commission declines to recommend clemency for Leo Frank, after a thorough hearing of the case.

Two of the commissioners opposed clemency and one was for it. The Governor is not bound by the recommendation. A majority report of the commission said no member of the grand jury that indicted Frank nor the jury that tried him had asked for clemency; and the presiding judge gave him the death sentence, when he could have given him life imprisonment. All the courts upheld the decision, and they saw no reason to interfere.

Frank was convicted of the murder of Mary Phagan, an employe in the pencil factory of which Frank was superintendent. He was convicted and sentenced to death and has fought the case through all the courts, including the Supreme Court of the United States. Executive clemency was his only hope, and after a hearing of the case, and the receipt of thousands of letters, telegrams and petitions, the prison commission has declined to ask for clemency. Whether the Governor of Georgia will act independently of the recommendation of the commission is not known.

Listard, cashier and Thomas J. Boyd, superintendent of a milk company's branch office, who were driving through a sparsely settled district of the Bronx to deposit collections.
